Mastering Your Money Seminar

Someone once said, "money is a great servant, but a terrible master!" How True! When money is working for you, it is your ally. But when money is working against you, it is your enemy. Many people today are finding themselves slaves to their income, and victims of the economy.

At New Stanton Assembly of God, we want to help people through these economically challenging times. Our Compassion Ministry has set up this seminar that will provide help in three ways:

- 1 We will be bringing in speakers who excel at providing practical ideas and information to help you increase your income, and keep more of the income you earn.
- 2 We will be providing each participant with a resource packet that translates to more than \$100 worth of goods and services (see back panel of this brochure).
- 3 We will have highly trained professionals on hand to provide free consultations in their area of expertise.

Additionally, NSAG will be providing for this event:
